writetoashishvishwakarma@gmail.com

OBJECTIVE

Motivated computer science student seeking internship opportunities to apply skills in software development and data analysis.

PROFESSIONAL SUMMARY

Dedicated and motivated Computer Science student with a strong foundation in data structures, algorithms, and software development. Proficient in programming languages like Java, Python, and HTML, with experience in machine learning and web development. Possesses excellent communication skills and a customer-focused approach, demonstrated through leadership roles in clubs and volunteering activities. Seeking internship opportunities to leverage skills in software development, data analysis, and customer service.

EDUCATION

Bachelor of Science in Computer Science Expected 2025

Mumbai University

Relevant Coursework: Data Structures and Algorithms, Database Management Systems, Operating Systems, Software Engineering, Machine Learning, Cybersecurity, Web Development, Cloud Computing

Successfully cleared Higher Secondary Certificate (HSC) 2021 - 2022

Gokhale Education Society

Successfully cleared Secondary School Certificate (SSC) 2019 - 2020

Shree Vishwakarma High School

SKILLS

Technical Skills

- Proficient in Microsoft Office Suite (Word, Excel, PowerPoint)
- Familiar with programming languages: Java, Python, HTML

Communication Skills

- Excellent verbal and written communication skills
- Strong active listening and interpersonal abilities

Customer Service

- Displayed patience and empathy in resolving customer inquiries
- Demonstrated strong customer service orientation

PROJECTS

Machine Learning Model for Housing Prices

Developed a predictive model using Python and scikit-learn to estimate housing prices based on various features, leading a team of four members.

EXTRA-CURRICULAR ACTIVITIES

- President of the Computer Science Club, organizing events and workshops, managing a team of ten members
- Volunteer Tutor for introductory programming courses, leading study groups and providing guidance to fellow students

LEADERSHIP

- Led a team of four in a machine learning capstone project, coordinating tasks and ensuring timely completion
- Coordinated a coding workshop for 50 students, overseeing logistics, promotion, and speaker arrangements
